

RATIONAL DOORS

INSPIRATION

CHOOSE THE RIGHT DOOR **FOR YOUR HOME**

The door to your house is the gateway to your home. Your choice of entrance door and the way it looks influences your home's architectural expression. Therefore it is important that you carefully consider the opening and closing functions and the designs available from Rationel. Colour is another important aspect of expression to consider.

We hope you are inspired by the following pages.

OPENING TYPES

The drawings shown below are examples of options available. Contact Rationel for information about further options.

ENTRANCE DOORS

These are available as inward or outward opening. They are hung on grey powder-coated adjustable hinges and fitted with a minimum three-point locking espagnolette bolt.

Available in DOMUS/ALDUS/PATUS/PATUS+/Rationel AURA/Rationel AURAPLUS

DESIGN OPTIONS

PANELLED DOORS

These are available as inward or outward opening, hung on grey powder-coated adjustable hinges and fitted with a minimum three-point locking espagnolette bolt.

Available in DOMUS/ALDUS Rationel AURA/Rationel AURAPLUS.

DESIGN OPTIONS

TERRACE DOORS

Terrace doors are available as either inward or outward opening, and are ideal for access to balconies, gardens and patios.

Doors which open outwards have an inbuilt friction brake, operated by turning the handle down in any given position. They are hung on grey powder coated adjustable hinges and fitted with a minimum three-point locking espagnolette bolt.

Available in Patus/Patus+/Domus/Aldus/ Rationel Aura/Rationel AURAPLUS

DESIGN OPTIONS

WINDOW DOORS

Window doors are available as outward opening only, and are ideal for access to balconies, gardens and patios.

Window doors come fitted with an inbuilt friction brake, operated by turning the handle down in any given position. They are hung on grey powder coated adjustable hinges and fitted with a minimum three-point locking espagnolette bolt.

DESIGN OPTIONS

TILT AND TURN DOORS

Tilt and turn doors function in two ways. They are hinged from the side and open inwards, or for ventilation, the leaf can be tilted in at the top. Tilt and turn doors can be cleaned from the inside.

Available in DOMUS/ALDUS

DESIGN OPTIONS

SLIDING PATIO DOORS

Rational sliding patio doors are designed to be as beautiful as the views they frame. Sliding Patio Doors, where one half slides and the other is fixed, are ideal when space is at a premium. The sliding part lifts easily and glides in front of the fixed section to create an opening of up to 1.55 metres.

Available in DOMUS/ALDUS/

RATIONEL DOORS -

SECURITY IN DOORS

Security performance is a significant factor when it comes to selecting doors. Rational's experience with Housing Associations, community developments and commercial projects, means that the security and safety of our products is second to none.

SECURED BY DESIGN

Our enhanced doors have been tested and marked according to several national and European standards, including 'Secured by Design'.

To be certified under this initiative, the door frame and corresponding lock and hardware set has to be able to withstand a series of physical tests based on common burglary methods. Rational has a wide range of products, which meet 'Secured by Design' specifications.

RATIONEL SBD DOORS

1. A three-point espagnolette locking mechanism is one of the burglary inhibiting features of Rational doors.

2. A reinforced espagnolette which increase the strength of all the door closing points.

3. Extra-strong reinforced screws increase the strength of all door hinges.

4. Hook bolts in hardened steel combined with a reinforced front plate can resist even severe attacks from a burglars' tools.

5. The length of time it takes to break a laminated pane will discourage even the most persistent burglar.

Enhanced ironmongery

Three-point espagnolette locking mechanism and hook bolt

Security receiver for the bolts

Enhanced hinges and angled screws

Security sealant is used to fit the glass

Laminated Glass pane

WINDOWS WITH VISION

Good, solid, quality workmanship has characterised Rationel's windows and doors since the first products were shipped from our factory in Sdr. Felding in 1954. Based on this sound foundation, Rationel is today an international company with sales offices in Great Britain, Ireland and Denmark.

Rationel manufactures energy saving windows and doors of premium quality in terms of both comfort and security. Our continuous programme of research and development ensures that the company always meets current statutory requirements as well as market requirements for design and functionality.

For further information about our wide range of windows and doors, for classic and modern buildings, please visit

www.rationel.co.uk

Rationel is part of the DOVISTA Group, which consists of ten leading door and window companies in Europe. DOVISTA A/S is owned by VKR Holding and employs approximately 13,500 people in more than 40 countries.
